

**BRUNDAGE**  
WHITE SPANISH HYBRID

days length (latitude)	maturity (approx. days)	skin color	bulb size	% single centers	storage (months)	shape
long	125	white	jumbo colossal	very high	4-6	tall globe

## Brundage

Brundage is a later main season variety that is dazzling white in color with consistent globe shaped bulbs. It has an erect top that helps shade the bulbs and makes spraying easier. Brundage also demonstrates solid Pink Root and Fusarium tolerance.

Compare to: Sterling

Disease Ratings: High tolerance to Pink Root and Fusarium. Good tolerance to Bolting.

The **Celebrate Onion Line** is a new generation of onions that are revolutionary in plant structure. This new line of onions from Crookham Company has been through an aggressive selection process to find traits desirable to the grower. Celebrate Onions have vigorous tall tops that stand out in a field. These tops create a canopy that helps protect the bulbs from damages brought on by too much direct sunlight. In addition the tall erect tops are better suited for chemical application and provide fewer hiding spots for thrips. Please see [crookham.com](http://crookham.com) for more information on the Celebrate Series of Onions.

Disease ratings defined by ISF Position Paper of May 2005. Refer to [www.worldseed.org](http://www.worldseed.org) for more information.
